We have reserved 15 of each tree/shrub this year with our supplier to avoid low stock issues again this year. Orders received first will be filled first. If the supplier is unable to fill your order, we will let you know as soon as possible so that you can make another selection. Orders are due no later than **FEBRUARY 21, 2025**. Thank you, as always, for your continued support of the Baxter County Conservation District.

<u>Item Description</u>		<u>Price Each</u>	<u>Qty</u>	<u>Extended Price</u>
Flowering Dogwood (<i>Cornus florida</i>) Distinctive white spring blooms. Persistent, bright red fall fruits loved by birds. Best grown in part shade. H: 15-30' W: 15-30'		\$28.00		
Tulip Tree or Yellow Poplar (<i>Liriodendron tulipifera</i>) Handsome tree with pyramidal habit. Noted for tulip-shaped, yellow to orange spring flowers followed by interesting fruit. H: 60-90' W: 30-50'		\$28.00		
Sweetbay Magnolia (<i>Magnolia virginiana</i>) Cup-shaped, fragrant white flower. Conical fruits with red seeds. Moist soils, full sun to part shade. Good for small landscapes, rain gardens. H: 10-35' W: 10-35'		\$28.00		
Sargent Crabapple (<i>Malus sargentii</i>) Dwarf, spreading tree habit. White, spring flowers followed by glossy, red fruits enjoyed by birds. H: 6-8' W: 8-10'		\$28.00		
Sugar Maple (<i>Acer saccharum</i>) Strong branching, excellent shade and fall foliage. Prized for syrup. Prefers moist, well-drained sites. Intolerant of road salt or air pollution. H: 40-80' W: 30-60'		\$28.00		
Red Oak (<i>Quercus rubra</i>) Good, fast-growing street tree. Tolerates pollution and compacted soil. Fall foliage russet to bright red. H: 40-75' W: 25-50'		\$26.00		
Carolina Silverbell (<i>Halesia Carolina</i>) Small understory tree found in rich soil on slopes and bluffs. White, bell-shaped spring flower clusters. Four-winged nut-like fruits. Full sun to part shade. H: 30-40' W: 20-35'		\$28.00

Item Description		Price Each	Qty	Extended Price
Redbud (<i>Cercis canadensis</i>) Known for rosy, spring flowers. Good street tree for sun to shade on average soil. Attractive foliage and seed pods. Tolerates black walnut. H: 20-30' W: 25-35'		\$27.00		
Common Chokecherry (<i>Prunus virginiana</i>) Naturalizing understory tree. Dense spring flower clusters followed by fruits that ripen to purple. Good for preserves. H: 25-30' W: 15-20'		\$27.00		
Ruby Spice Summersweet (<i>Clethra alnifolia</i> 'Ruby Spice') Fragrant, narrow, rosy flower panicles attract butterflies and bees. Brown seed capsules persist into winter. H: 4-6' W: 3-5'		\$25.00		
Slender Mountain Mint (<i>Pycnanthemum tenuifolium</i>) Erect, multi-branched plant. Needle-like leaves. Profuse clusters of small, white, late summer flowers. Mint-aroma when crushed. H: 24-36" W: 24-36"		\$11.50		
Wild Petunia (<i>Ruellia humilis</i>) Tubular, lavender summer flowers bloom singly or in clusters from May to October. Leaves and stems hairy. Attracts butterflies. Drought-tolerant. H: 18-24" W: 18-24"		\$11.50		
Golden Alexander (<i>Zizia aurea</i>) Deep yellow, late spring flower clusters atop smooth, branched stems. Food plant for Missouri woodland swallowtail butterfly. Rain gardens. H: 18-36" W: 18-24"		\$11.50		
Swamp Rose (<i>Rosa palustris</i>) Showy, open flowers on arching branches give way to fleshy, red fruits or hips enjoyed by wildlife. H: 4-7' W: 4-7'		\$25.00		
Steeplebush (<i>Spiraea tomentosa</i>) Suckering, deciduous shrub of wet meadows and lakeshores. Nectar-rich, tiny pink flowers on narrow spikes from mid-summer to fall. H: 2-4' W: 3-5'		\$25.00		
White Wild Indigo (<i>Baptisia alba</i>) Upright spikes of white, pea-like spring flowers atop blue-green foliage. Attractive seed pods. Attracts butterflies. H: 24-48" W: 24-30"		\$11.50		
Aromatic Aster (<i>Aster oblongifolius</i>) Stiff, bushy plants with abundant, purple, fall blooms. Shear back late July for denser plants. Attracts butterflies. Deer and Rabbit resistant. H: 12-36" W: 12-36"		\$11.50		

PLEASE RETURN COMPLETED FORM (THREE PAGES) NO LATER THAN FEBRUARY 21, 2025.
